

Final traffic flow around Trafalgar Square on completion of the World Squares for All project – Phase I

-  Buses only
-  All vehicles
-  Bus Lane

Bus Lane
 Bus lane to improve the circulation of buses from Haymarket to the Strand

St. Martin's Place
 Removal of a section of St. Martin's Lane and replacement with high quality paving to enhance the area between St. Martin-in-the-Fields and statue of Edith Cavell

New Staircase
 A new staircase opening up the north wall, links the National Gallery with Trafalgar Square

North Terrace
 Pedestrianised area of high quality paving, free from vehicles, enhancing the entrance to the National Gallery

Traffic flow
 The inclusion of a conventional signal controlled roundabout will allow access to all roads from Trafalgar Square

King Charles I Island
 Construction of new roundabout allowing pedestrians to cross to and from Trafalgar Square safely
