CHALLENGE ONE

Have you listened to the various Ghost stories on the website yet? If not, visit www.bbc.co.uk/norfolk.

These stories were all created by people from a workshop, which included the following challenges.

Pick four words from the list of “Useful words to use when writing a ghost story” and in 10 minutes put together a short ghost story.

This should be no more than 150 words in total and must include the four words you’ve chosen.

Think about the tips listed in “What makes a good ghost story”.

Use these tips to help you with your story. You’ll be surprised by how creative you can be in such a short space of time.

(Read your story out loud to yourself, or to a friend or family member)
CHALLENGE TWO

Were you surprised at how creative your short story was in our first challenge? Expand your talents even further by taking part in our second challenge.

Think of a location to set your story and draw it in the space below (eg. A house? The sea? Mountain?)

Think of a main character and draw below (eg. mother? dog? Child?)

Think of an action? (axe chopping? Fainting? And draw in the space below)

Think of an ending and draw in the space below (could be a sun shining? Waking up from a dream? A Pic-nic?)

From the drawings you've made on the previous page, you now have a location for your story, a character, an action and an ending. Try now, to write a longer story than in challenge one.

Remember to describe the weather, the atmosphere, the sounds, the actions in as much detail as possible. Don't forget to look back at the suggestions and examples given earlier. Aim to write at 300 - 500 words.
