Class _____

- Match the opinions to the people affected by the Laganside development.

Anne Harty **Laganside Corporation**

Bob Strang **Laganside Resident**

Winnie Strang **Laganside Resident**

Seamus Flynn **Community Development**

Comments

Living in the centre of town, you've got to be concerned about security.

One of the advantages of living in Laganside is that a ten minute walk will take you into Royal Avenue.

It's all very exciting and positive but a lot of it is to do with peace and the new Belfast Agreement.

What I really enjoy most is living by the river.

My community has received no advantages rather disadvantages from the regeneration of Laganside.

We can't sustain anything if we do so in ignorance of the past.

It's almost like being at the seaside but we're close to the city centre.

I think to date Laganside is being seen as having a very positive effect on Belfast.
