

Sikhism — Baisakhi

Belonging

1. What groups do you belong to? Fill in this grid, then compare yours with other people in your class.

Group	Special clothing	Things we do together	Benefits of belonging	Responsibilities I have because I belong	Problems I face because I belong

2. When Sikhs join the Khalsa they adopt the five Ks. These are special symbols which show that they belong to the Sikh community. How do you think a Sikh child might fill in this grid? How would it be similar to yours? How would it be different?
